## Higher Education

### **Degree Program Combines MBA with Environmental Studies**

The University of Pennsylvania's Wharton School and School of Arts and Sciences have launched a new program enabling participants to earn a dual master of business administration and environmental studies degree in three years or less. The program is intended to groom its participants for global leadership roles in environmental management, finance and other business specialties.

### **'Three Simple Steps to Carbon Neutrality' Webcast**

The webcast "Three Simple Steps to Carbon Neutrality," presented by Dave Newport, Director of the Environmental Center at University of Colorado Boulder, will discuss specific tools and concepts that help a campus determine a carbon neutrality action plan. The webcast is Feb. 26 from 1-2:30pm and is sponsored by the Association for the Advancement of Sustainability in Higher Education. Cost is \$350.

## Smart and Sustainable Campuses Conference

The Fourth Annual Smart & Sustainable Campuses Conference will be at the Inn and Conference Center adjacent to the University of Maryland campus. The conference, sponsored by the National Association of College and University Business Officers and others, will focus on campus sustainability issues, including operational solutions, smart growth policies, and strategies for achieving climate neutrality. Early registration ends March 15; the conference is April 5-7.
